Economic Botanist.

Dated 24th January 1918.

Dear Sir,

With reference to your D. O. letter No. G. 7392 dated 1st December 1917 enquiring if the sum of Rs. 18,000/- required for laying out the garden between the New Palace and the North Fort Gate, Mysore could not be met from the grant of Rs. 15,000/- provided for "Improvements" under the Garden Department, I beg to state that the whole of the Rs. 18,000/- is not likely to be required this year alone. I expect to take up and complete only a few of the items on the estimate which requires only about Rs. 7,000/-. It is not possible to meet this sum out of the Rs. 15,000/- which has been reserved partly for completing the water supply scheme of the Lal-Bagh and partly for meeting the additional cost on account of the reorganisation of the Garden Establishment, and some other necessary improvements in Lal-Bagh and Cubbon Park. I therefore request that the sum of Rs. 7,000/- may be sanctioned as an additional grant to the Department this year and the balance provided for in next year's budget.

Yours sincerely,

Letter No.301 dated the 21st August 1917 from the Superintendent, Government Gardens, to the Chief Engineer of Mysore, Bangalore.

In continuation with this office letter No.1124 dated 20th June last, I have the honour to forward herewith an estimate amounting to Rs18,000 for laying out a garden between the New Palace and the North Gate of the Fort at Mysore as per plan already approved of.

I request you to be good enough to kindly obtain the sanctio of Government very early and to arrange with the Comptroller to place the amount at the Mysore District Treasury in my favour.

The work has been long delayed on account of the rough levelling that had to be done by the Public Works Department. It is expected that that will be completed by the end of this month, when the garden portion of the work has to be started. To enable me to start the work and push on with it as rapidly as possible, I request you will be good enough to obtain the early sanction of Government to the estimate.
